Hamilton County Residents Recycled 41,742 Tons in 2017

Residents in Hamilton County recycled an impressive 41,742 tons in 2017. That is a 1,965 ton increase over 2016. The recycling efforts in Hamilton County:

- Conserved enough energy to power every home in Hamilton County for eight days.
- Reduced more air pollution than if every household in the county rode their bicycle to work for five weeks.
- Saved 353,146 trees from being harvested.

These communities had the highest pounds recycled per household:

COMMUNITY	POUNDS RECYCLED PER HOUSEHOLD
Indian Hill	804
Terrace Park	751
Evendale	749
Amberley Village	654
Montgomery	645
Blue Ash	549
Wyoming	539
Mariemont	524
Loveland	540
Harrison	453
Glendale	436

These communities experienced the largest increases in tons recycled over 2016:

1. Lincoln Heights, 73.75 tons increase (a 1,240% increase)
2. Arlington Heights, 7.88 ton increase (a 344% increase)
3. Evendale, 135.56 ton increase (a 52% increase)
4. Deer Park, 143.52 ton increase (a 48% increase)
5. Harrison Township, 45.86 ton increase (a 41% increase)

Hamilton County Residents Recycled 41,742 Tons in 2017 (cont'd)

Congratulations on another successful year!

Under the **Residential Recycling Incentive Program** structure, the higher a community's recycling rate, the more dollars per ton they receive. For ideas on how to increase your community's recycling rate, check out some of the other articles throughout this newsletter and **our website**.

See how your community ranks with other Hamilton County communities.
