

Ohio Revised Science Standards for Field Trips

Where Does All the Garbage Go?

Ohio Revised Science Standards met:	1 st Grade Topics	2 nd Grade Topics	3 rd Grade Topics	4 th Grade Topics	5 th Grade Topics	6 th Grade Topics	7 th Grade Topics
Earth & Space Science			Earth's Resources	Earth's Living History		Rocks, Minerals and Soil	
Life Science	Basic Needs of Living Things	Interactions within Habitats	Behavior, Growth and Changes		Interactions within Ecosystems		Cycles of Matter and Flow of Energy
Physical Science	Motion and Materials		Matter and Forms of Energy	Electricity, Heat and Matter			Conservation of Mass and Energy
Science Inquiry and Application	<p>K-4: Observe and ask questions about the natural environment; Employ simple equipment and tools to gather data and extend the senses; and Communicate about observations, investigations and explanations.</p> <p>5-8: Use appropriate tools and techniques to gather data and information; Develop descriptions, explanations and predictions; Think critically and logically to connect evidence and explanations; and Communicate scientific procedures and explanations.</p>						

Compost Kids

Ohio Revised Science Standards met:	Kindergarten	1 st Grade	2 nd Grade	3 rd Grade	4 th Grade	5 th Grade	6 th Grade
Earth & Space Science Topic				Earth's Resources			Rocks, Minerals and Soil
Life Science Topic	Physical and Behavioral Traits of Living Things	Basic Needs of Living Things	Interactions within Habitats	Behavior, Growth and Changes	Earth's Living History	Interactions within Ecosystems	
Physical Science Topic	Properties of Everyday Objects and Materials						
Science Inquiry and Application	<p>K-4: Observe and ask questions about the natural environment; Employ simple equipment and tools to gather data and extend the senses; and Communicate about observations, investigations and explanations.</p> <p>5-8: Use appropriate tools and techniques to gather data and information; Develop descriptions, explanations and predictions; Think critically and logically to connect evidence and explanations; and Communicate scientific procedures and explanations.</p>						

Don't Trash It! Field Trip

Ohio Revised Science Standards met:	1 st Grade Topics	2 nd Grade Topics	3 rd Grade Topics	4 th Grade Topics	5 th Grade Topics	6 th Grade Topics	7 th Grade Topics
Earth & Space Science			Earth's Resources	Earth's Living History		Rocks, Minerals and Soil	
Life Science	Basic Needs of Living Things	Interactions within Habitats	Behavior, Growth and Changes		Interactions within Ecosystems		Cycles of Matter and Flow of Energy
Physical Science	Motion and Materials		Matter and Forms of Energy	Electricity, Heat and Matter			Conservation of Mass and Energy
Science Inquiry and Application	K-4: Observe and ask questions about the natural environment; Employ simple equipment and tools to gather data and extend the senses; and Communicate about observations, investigations and explanations.						
	5-8: Use appropriate tools and techniques to gather data and information; Develop descriptions, explanations and predictions; Think critically and logically to connect evidence and explanations; and Communicate scientific procedures and explanations.
